Sweat Equity in Eternal Dwellings

True, we call them church buildings. But our new church home might also be called a "halfway house". It's a tool to help prepare people for an eternal dwelling - their ultimate home. With the support of other church members, we gain strength to stay on track and impact a lost world. 10163 Shoreview Drive will be a gathering place for us as a family, and a platform to launch us deep into the spiritual lives of people in our community. So your investments of time and finances make a difference.

February Work Project

We held our first work project at the new digs last month. We removed the old

ceiling tiles and insulation, smashed up all the wall mirrors (yes, that was a lot of fun), took down all the ceiling fans and did some general cleanup at the site. An impressive work crew turned out and knocked out the work very quickly. The

Huge thanks to each of you!

NEXT STEPS

Now the building will be turned over to the contractors to do their thing and hopefully we will call a paint work project before long. We will let you know when that next sweat equity investment session will take place. Huge dividends guaranteed. Life is short - invest long term.

Could you take a moment now and invest a prayer? Ask the Lord to watch over the work and bless us and give us favor with contractors, suppliers and especially—building inspectors.
